

Dr. Harvey Rabin

37 years

Department of Medicine (Infectious Diseases)

1. What is your fondest memory of your time here at Foothills?

Relationships with colleagues, mentorship by preceptors, friendship with CF patients

2. Of all your contributions here at Foothills, what are you proudest of?

Participation in the formation of the Division of ID, the adult Infectious Diseases Residency Training Program, and most importantly the Adult Cystic Fibrosis Clinic and treatment programs

3. What advice would the you of today give the younger version of yourself at the start of your practicing career?

Let your career progression make spontaneous choices and it will all fall in place for a successful academic medical career.

4. What do you see as the biggest challenge facing physicians at this time?

The many years of training it takes to form a quality academic career.

5. When you arrive at the Gates of heaven, what do you hope to hear St. Peter say?

I would hope to meet Abraham and hear him say “shalom”
