

## FMC MSA Service Recognition Awards 2017

**Stephen Field**

**Department of Medicine, Internal Medicine Respiriology**

**34.5 Years**

**1. What is your fondest memory of your time at Foothills?**

Two of my children were born here.

Time spent with my division colleagues and trainees.

**2. Of all your contributions at Foothills, what are you proudest of?**

Creation of the chronic cough clinic and seeing so many of my former trainees becoming staff members in the Department of Medicine & in other departments.

**3. What advice would the “you of today “give the younger version of yourself at the start of your practicing career?**

Ignore politics, both inside and outside the hospital, and focus on providing excellent patient care, being a good and supportive teacher and mentor, and remain intellectually inquisitive.
